

Why go Green?

LLNL's FY09 Consumption	Public Equivalent Annual Consumption
399,761,000 kwh Electricity	43,000 average-size households, or 760,560 60-watt light bulbs
427,195,000 ft ³ Natural Gas	16,700 average-size households
242,724,000 gals Water	1,400 average-size households

As a consumer of our community's resources we have an obligation to reduce the utilization of these resources and conduct our work in a sustainable manner
